MIAMI — A prominent Cuban exile said yesterday that Lee Harvey Oswald met repeatedly with Fidel Castro's diplomats in Mexico before the assassination of President John F. Kennedy and that Mexico's secret police must have extensive files on the meetings.

Dr. Alberto Garcia Menocal, a prominent attorney in pre-Castro Cuba who is now a furniture dealer in suburban Coral Gables, was interviewed on WRAC, a Spanish-language radio station. Garcia was living in Mexico at the time of the Kennedy assassination.
